

EFFECTIVE

November 1, 2019.

Subject(s)

FOM 902, Funding Determinations and Title IV-E Eligibility

This policy item was changed to reflect some changes and examples in the removal/placement episode start and end reasons.

This policy item was updated to reflect changes from CI-17-126, Trust Accountant Decisions for Title IV-E Determinations. The requirement that title IV-E cannot be claimed while the child is receiving Supplemental Security Income (SSI) was removed from policy effective 10/1/17.

The CI-17-139, Independent Living Payment Schedule Change, effective 1/8/18 allows independent living to be a title IV-E reimbursable placement for youth age 18 and older who are not also in the Young Adult Voluntary Foster Care (YAVFC) program. Contact the MDHHS-federalcompliance@michigan.gov for instructions on how to change this for applicable youth in MiSACWIS.

The details from CI-18-033, Determination of Title IV-E Age Eligibility, were added into this policy item. The new form MDHHS-5717, Determination of Title IV-E Age Eligibility, was added to policy.

A few other clarifications were provided based on feedback from the field.

Reason: Federal Compliance Division recommendation.
